

# CMS TEAM Region Report: SoCal, Southwest & Gulf South — 161 Mandated Hospitals

Jennifer Tim-Diamond for Rainfall Health

2026-09-01

Draft briefing ported from the Rainfall TEAM website guide and wired to the live CMS TEAM roster in this repo. Hospital counts and figures 1–2 recompute on render. Episode-dollar models are not invented here.

Region Briefing

## CMS TEAM Region Report: SoCal, Southwest & Gulf South — 161 Mandated Hospitals

161 mandated hospitals · 54 CBSAs · before PY2 (2027) Jennifer Tim-Diamond for Rainfall Health · September 2026 Territory 2 pairs Southern California's Riverside–San Bernardino–Ontario Core-Based Statistical Area (CBSA) and San Diego markets with Louisiana, Oklahoma, Texas, and the Southwest — 161 TEAM hospitals where AdventHealth, Ascension, and regional systems set the pace.

REGION BRIEFING

# CMS TEAM Region Report: SoCal, Southwest & Gulf South — 161 Mandated Hospitals

Draft TEAM briefing · live roster counts

Jennifer Tim-Diamond for Rainfall Health

September 2026

# 01 • At a glance

Live hospital counts come from data/territoryHospitals.json (March 2026 CMS TEAM participant extract). Editorial context (Medicare population, HRRP, LEJR) is carried from the published Rainfall guide and is **not** recomputed from claims.

Table 1

| Signal                 | Value            | Why it matters                                                 |
|------------------------|------------------|----------------------------------------------------------------|
| Mandated hospitals     | 161              | SoCal + Southwest + Gulf coverage                              |
| CBSAs                  | 54               | Largest CBSA: Riverside–San Bernardino–Ontario ( 30 hospitals) |
| Medicare beneficiaries | Territory rollup | Covered–lives scale                                            |
| HRRP                   | See region guide | Readmission pressure under episode accountability              |
| Est. annual LEJR       | See region guide | Volume concentration                                           |

# 02 • Where the mandate sits

Largest market in this scope: **Riverside–San Bernardino–Ontario** (30 hospitals).

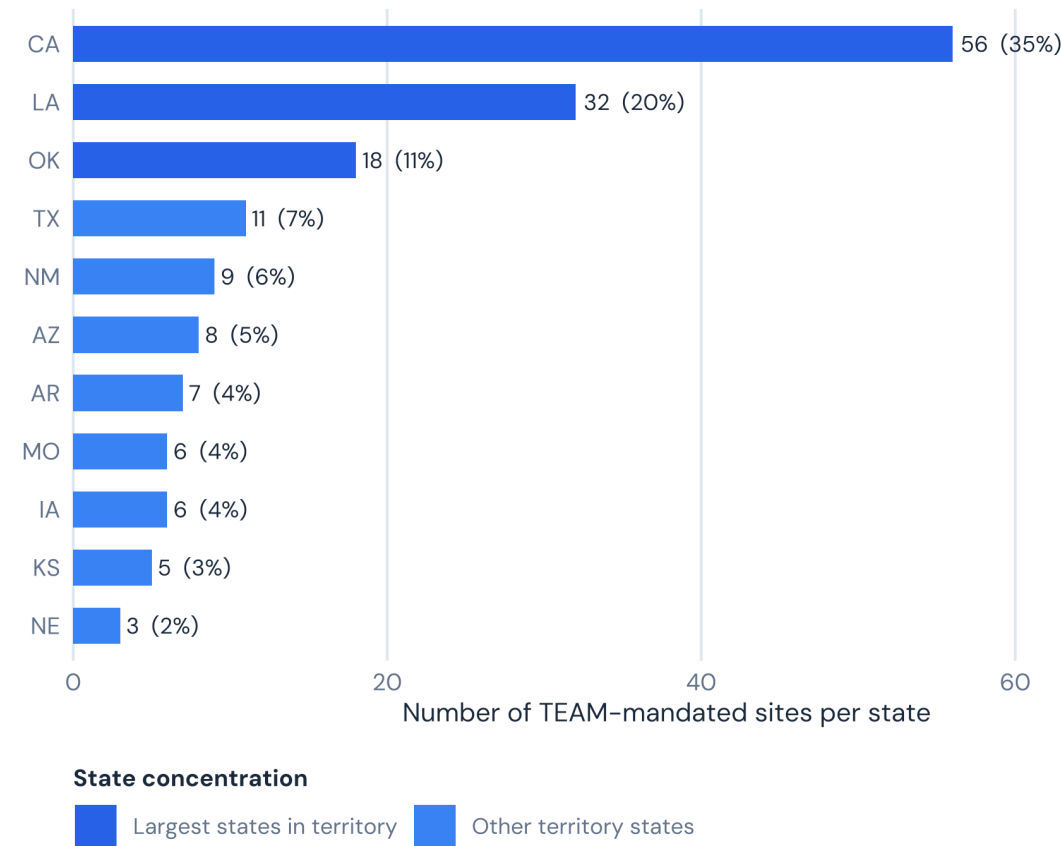

Figure 1: CMS TEAM-mandated hospitals in this scope.

Table 2

| State | Hospitals | Share (%) |
|-------|-----------|-----------|
| CA    | 56        | 34.8      |
| LA    | 32        | 19.9      |
| OK    | 18        | 11.2      |
| TX    | 11        | 6.8       |
| NM    | 9         | 5.6       |
| AZ    | 8         | 5.0       |
| AR    | 7         | 4.3       |
| IA    | 6         | 3.7       |
| MO    | 6         | 3.7       |
| KS    | 5         | 3.1       |
| NE    | 3         | 1.9       |

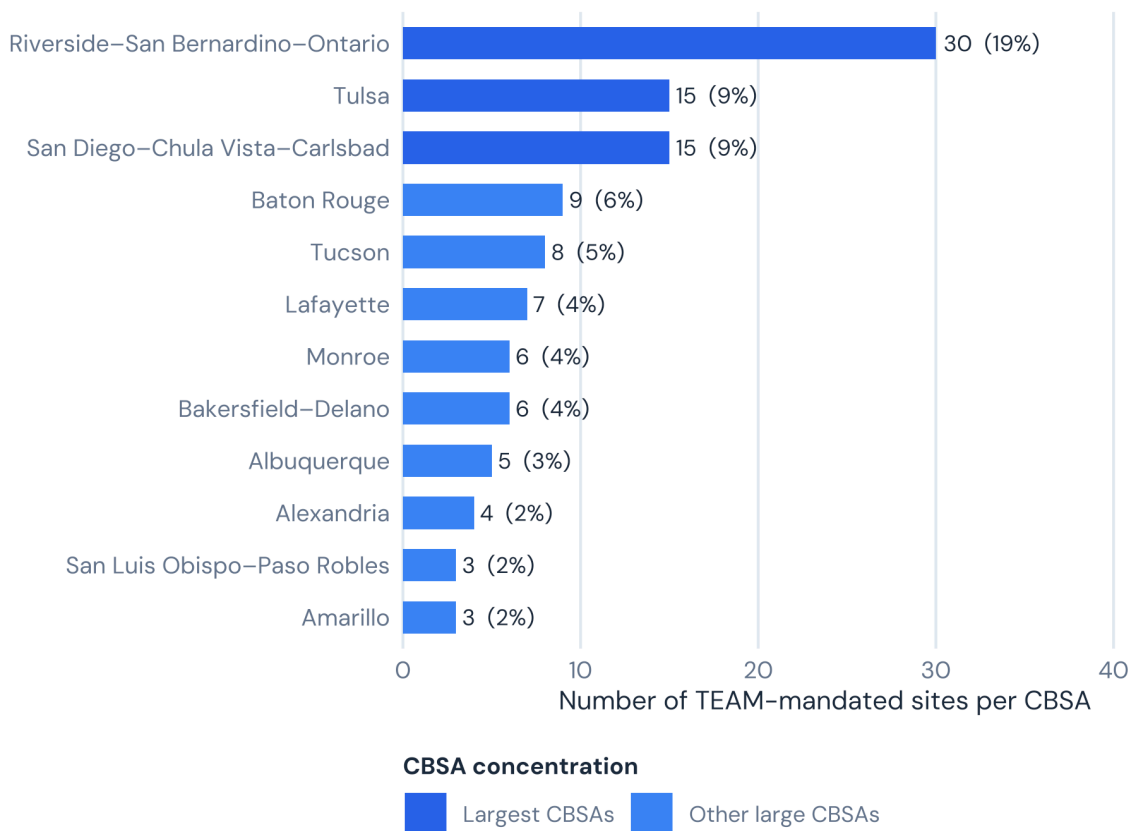

Figure 2: Concentration of TEAM-mandated hospitals.

### 03 · Guide narrative (from the website TEAM report)

#### Takeaways

- 161 hospitals — Territory 2 roster
- SoCal 56; Louisiana 32; Oklahoma 18

- Riverside CBSA alone has 30
- Gulf and desert markets share SNF risk
- Pairs with Louisiana state guide

## What is Rainfall Territory 2 under CMS TEAM?

**Territory 2 (SoCal, Southwest & Gulf South)** holds **161** mandated hospitals — **22.3%** of the national **721**–hospital TEAM cohort. Coverage includes Southern California CBSAs (**56** hospitals), Arizona, New Mexico, Texas, Oklahoma, Kansas, Nebraska, Iowa, Missouri, Louisiana, and Arkansas.

The **Riverside–San Bernardino–Ontario** CBSA alone has **30** TEAM hospitals — one of the densest single-market mandates outside New York–Newark. San Diego adds 15; Tulsa, OK adds 15. Louisiana contributes **32** hospitals across Baton Rouge, Lafayette, Monroe, Alexandria, and related CBSAs, making it Territory 2’s second-largest state footprint after SoCal.

Compared with Territory 1, this region has fewer nationally famous prepaid systems and more **regional nonprofit and for-profit chains** competing for the same post-acute beds — a structural risk for episode leakage.

### Fast facts

- 161 mandated hospitals (March 2026)
- Top states: California (SoCal) 56 · Louisiana 32 · Oklahoma 18 · Texas 11 · New Mexico 9 · Arizona 8
- Top CBSAs: Riverside–San Bernardino 30 · San Diego 15 · Tulsa 15 · Baton Rouge 9 · Tucson 8
- System signals: AdventHealth, Ascension, Ochsner, regional CA and OK systems
- Map: /territory-map

## How are Territory 2 hospitals distributed by state?

| State / area             | TEAM hospitals (T2) |
|--------------------------|---------------------|
| California (SoCal CBSAs) | 56                  |
| Louisiana                | 32                  |
| Oklahoma                 | 18                  |
| Texas                    | 11                  |
| New Mexico               | 9                   |
| Arizona                  | 8                   |
| Arkansas                 | 7                   |
| Iowa                     | 6                   |
| Missouri                 | 6                   |
| Kansas                   | 5                   |
| Nebraska                 | 3                   |
| Territory 2 total        | 161                 |

## Which CBSAs concentrate the most TEAM risk?

| CBSA                                 | Hospitals |
|--------------------------------------|-----------|
| Riverside–San Bernardino–Ontario, CA | 30        |

| CBSA                               | Hospitals |
|------------------------------------|-----------|
| San Diego–Chula Vista–Carlsbad, CA | 15        |
| Tulsa, OK                          | 15        |
| Baton Rouge, LA                    | 9         |
| Tucson, AZ                         | 8         |
| Lafayette, LA                      | 7         |
| Bakersfield–Delano, CA             | 6         |
| Monroe, LA                         | 6         |
| Albuquerque, NM                    | 5         |
| Alexandria, LA                     | 4         |

## Which networks benefit most in Territory 2?

**AdventHealth** and **Ascension** appear repeatedly across Gulf and Sun Belt markets; their multi-hospital footprints allow preferred SNF panels and shared care pathways that independent community hospitals struggle to replicate. **Ochsner Health** is the organizing system story in Louisiana’s TEAM guide.

Southern California’s Riverside–San Bernardino metro is less about a single brand and more about **dense competition**: many independent and regional hospitals share the same home–health and SNF markets, which raises the value of explicit post–acute contracts and real–time discharge visibility.

For system–level strategy, see the hospital–networks advantage guide and the AdventHealth network deep–dive; for Louisiana hospital names, see the Louisiana state guide.

## What should Territory 2 hospitals do now?

Prioritize **CBSA–level post–acute inventory** in Riverside, San Diego, Tulsa, and Baton Rouge. Build preferred SNF panels with readmission SLAs before Track downside risk expands in 2027.

Finance teams should model episode targets against local wage indices and historical PAC mix — Gulf and Southwest markets often show different SNF vs home–health balances than Northeast academic markets. Use the episode–cost analysis alongside this region report.

## Frequently asked questions

How many CMS TEAM hospitals are in Territory 2?

161 active hospitals on the March 2026 CMS list, including 56 Southern California TEAM hospitals.

Why is California split across territories?

Rainfall’s sales coverage splits NorCal (T1, 51 hospitals) and SoCal (T2, 56 hospitals) while CMS still counts California as one state (107 total).

What is the largest CBSA in Territory 2?

Riverside–San Bernardino–Ontario, CA with 30 mandated hospitals.

Which state guide pairs best with this region?

The Louisiana state guide (32 hospitals) and the California state guide (SoCal CBSAs).
