### 03 · Guide narrative (from the website TEAM report)

#### Takeaways

- 164 hospitals — Territory 4 roster
- Florida 40 and Tennessee 30 lead
- Nashville CBSA: 19 TEAM hospitals
- HCA TriStar multi-site advantage
- AdventHealth Florida density

#### What is Rainfall Territory 4 under CMS TEAM?

**Territory 4 (South & Midwest)** includes **164** mandated hospitals (**22.7%** of 721). States and territories: Florida, Georgia, South Carolina, North Carolina, Tennessee, Alabama, Mississippi, Kentucky, Puerto Rico, Ohio, Indiana, and Michigan.

**Florida (40)** and **Tennessee (30)** dominate. The **Nashville–Davidson–Murfreesboro–Franklin** CBSA has **19** TEAM hospitals — a for-profit and regional-nonprofit battleground where HCA TriStar density is a defining feature of the Tennessee state guide.

Florida’s TEAM map is uneven: Jacksonville (13), Daytona/Deltona (8), Lakeland (5), and Fort Walton (5) appear, while much of Miami-Dade was **not** selected. Hospital executives should not assume “Florida = TEAM”; CBSA membership is the rule.

## Which networks benefit most in the South & Midwest?

**HCA Healthcare** is the clearest multi-state for-profit story in Territory 4 — TriStar in Tennessee, plus Florida and other Sun Belt sites. Name-pattern matching across the national roster finds on the order of ~29 HCA-

family TEAM hospitals (including TriStar and HealthONE brands in other territories), the largest single brand cluster we measure.

**AdventHealth** (~16 name-matched TEAM sites) concentrates in Florida and adjacent markets with owned or tightly affiliated ambulatory and post-acute capacity. **Ascension** and various **Baptist** brands add regional density.

Independent hospitals in Nashville, Jacksonville, and Greenville face the classic TEAM problem: high surgical quality with weak leverage over SNF length of stay. Network guides for HCA and AdventHealth unpack the operational playbook.

## What should Territory 4 hospitals prioritize?

Map every TEAM CCN against **HCA and AdventHealth preferred PAC panels** in your CBSA — even if you are not in those systems, your patients may land in the same SNFs. Build competitive home-health capacity for LEJR. Use Florida and Tennessee state guides for named hospital directories, and the episode-volume analysis for procedure mix planning.

## Frequently asked questions

How many CMS TEAM hospitals are in Territory 4?

164 active hospitals on the March 2026 CMS participant list.

Which markets matter most?

Nashville (19 hospitals), Jacksonville (13), Memphis (10), and several mid-sized Florida and Carolina CBSAs.

Is all of Florida in TEAM?

No. CMS selected specific Florida CBSAs. Jacksonville, Daytona/Deltona, Lakeland, and Fort Walton appear; much of Miami was not selected.

Which network articles should I read?

The HCA Healthcare and AdventHealth CMS TEAM network guides, plus the national hospital-networks advantage overview.
